

# DISCOVER 'INSPIRE' CEILING FANS

## Summer and Winter Modes

### SUMMER MODE:

Fan operates by rotating anti-clockwise to push cool air down and pull warm air up, creating a wind chill effect of the air moving around you.

### WINTER MODE:

Fan operates in reverse by rotating clockwise to pull cool air up and push warm air down, allowing for warm air to be redistributed in the room saving heating running costs.

## Responsible Forestry

INSPIRE plywood blades are made with a mixture of materials from FSC-certified forests, recycled materials, and/or FSC-controlled wood.

While controlled wood doesn't come from FSC-certified forests, it mitigates the risk of the material originating from unacceptable sources.

## AN ELEGANT WAY OF LIVING

# INSPIRE

Ceiling Fans

# DISCOVER 'INSPIRE' CEILING FANS

## A Peaceful Natural Breeze

If you're stuck with a loud fan that buzzes and squeaks and dream of having peaceful nights and productive work sessions, **INSPIRE is the solution**. Our ceiling fans are perfect to lull you to sleep, relax and avoid distractions when you need focus.

## Sleek, Modern & Robust

Ceiling fans are not only practical, they're also a design piece that can complement any room.

With its hang sure mounting suitable for all ceiling types and its sleek curves, INSPIRE adds a touch of modernity to any bedroom, living room or undercover outdoor area.

## Ease of Operation

Control your fans breeze intensity with the 3 speed fan controller.

Optional remote control available (Cat No. RCFREMOTE) with 3 timers, fan OFF and light ON/OFF + wall mounted holder.
